Announcement

The Laboratory of Manufacturing Systems and Automation (LMS) in the Department of Mechanical Engineering and Aeronautics, of the University of Patras is interested in collaborating with programmers within the framework of European Research Programs. They should be experienced in one or more of the following programming technologies:

- Web technologies for the development of dynamic web based applications
- Java, HTML and related technologies (XML, SOAP)
- Development and management of Object Oriented Database Management Systems (ODBMS) and Relational Database Management Systems (RDBMS)
- UML for the development of object oriented applications

Good knowledge of the English language will be appreciated.

Please **send a brief CV to the attention of Dr. D. Mourtzis e-mail: mourtzis@lms.mech.upatras.gr or call: 2610 997262**
